

LETTER OF AUTHORISATION

In Prague, 27th April 2019

To Whom It May Concern

Re: Authorisation to change settings on request in MainsPro, MainsPro G99TT, InteliPro and InteliPro G99TT mains protection devices in the United Kingdom.

This letter is issued to confirm that the exclusive distributor of ComAp products in the UK, Industrial Power Units Ltd., based at Cygnus Way, West Bromwich, West Midlands, B70 0XB is

authorised to change the voltage protection settings in ComAp's G99 mains protection devices, MainsPro, MainsPro G99TT, InteliPro, InteliPro G99TT by ComAp, as the manufacturer of these devices.

The change of the voltage settings will be protected and sealed by a unique hardware seal, manufactured by ComAp, branded as IPU.

In case you have any further questions, please do not hesitate to contact me via the details below.
